Before buying

- ☐ I recorded both the measurement and its body location.
- ☐ I checked each leg where necessary.
- ☐ I confirmed one sleeve versus a pair in the selected offer.
- ☐ I can move without pinching, numbness or rolling.

Notes / measurements / questions for the seller:

Training sleeves are not a diagnosis or treatment. Stop for pain, altered sensation or color change. Seek assessment for persistent symptoms or instability; do not use compression to push through them.
